

Instructions for obtaining public maintenance information

Dear Wuling New Energy and Lingshi Automobile users,

If you need public information on the maintenance of the model you purchased, such as parts catalog, maintenance manual,

Circuit manual, special tool list, vehicle emission key parts list compilation and diagnostic software,

For technical service notices, recall notices and other information, please call the 4000001888 service hotline

Please make an application and we will serve you 24 hours a day.

Instructions for use, maintenance manuals, and after-sales service commitments can be found directly on the website

Download the module from <https://www.wulingnev.com/ser>.

Thank you for your understanding and support.
